- Work with client to tell their life story (i.e. how they got in trouble, what they did to change, how an expungement will help them become a productive citizen)
- Represent client in court

Time Commitment:

- 2-3 hours to review file and prepare client
- 3-4 hours to appear in court with client
- Process takes 6-8 months from filing petition through hearing

Opportunity 3: Healthcare Waiver

What: Healthcare Waivers from the Illinois Department of Public Health allow individuals with eligible criminal convictions to work in the healthcare industry. We often prepare Healthcare Waiver applications when a client applies for expungement services and is waiting for their expungement hearing to occur.

Your Role:

- Use a client's criminal record (documented by our team) and work with a staff attorney to determine a client's eligibility for the Healthcare Waiver
- Assist client in getting an FBI fingerprint criminal background check from an approved vendor
- Help client write a narrative about their crimes and their changed behavior
- Not a complicated process, but requires organizational skills and resources that some clients do not possess

Time Commitment: Approximately 8-10 hours for one month, from client intake to application submission
